

## 命名建议书——以 *Lopadaspis* 代替 *Discaspis* Wang et al. , 2001

最近, C. F. Kammerer 教授来信告知, *Discaspis* 这一属名已被 Lin K. S. 教授于 1988 年在记述中国台湾的昆虫时首先使用了。因此, 作者建议以新的属名 *Lopadaspis* 代替 *Discaspis*。Lopad (Gr.) 义为平盘。

在此, 对 Kammerer 教授的提示和建议表示感谢。

### Lopadaspis, new name for *Discaspis* Wang et al. , 2001

We have recently been informed by Prof. C. F. Kammerer that the generic name *Discaspis* (Wang et al. , 2001) was preoccupied by a wasp from Taiwan, China (Lin, 1988). We therefore propose the generic name *Lopadaspis* to replace *Discaspis* Wang et al. , 2001. *Lopad* (Gr.) means flat tray.

We are very grateful to Prof. Kammerer for his kind concern and suggestion.
